

# StudentLingo

Retention anytime, anywhere

## Innovative Educators

### Does this sound familiar?

- Students want more activities and services, but you lack the staff or budget to meet their needs.
- You plan and pay for a top-notch guest speaker, and students don't show up.
- Students complain that they could not attend a workshop because they were in class.
- Online students want to participate in student activities but can't come to campus.
- Students need to improve their study skills, but faculty find it hard to fit this into the curriculum.
- Students request that you repeat a popular workshop, but it's impossible given your budget.
- You are unable to provide a wide variety of events that meet the needs of all students.

**If you are experiencing a decrease in funding and an increase in demand for services, let us do the work for you.**

**StudentLingo is a 24/7 online student resource center with live workshops, on-demand presentations, useful websites, helpful blogs and action plans focused on helping students achieve their academic, personal and career goals!**

## What is StudentLingo?

StudentLingo is a 24/7 online student resource center with live workshops, on-demand presentations, useful websites, helpful blogs and action plans focused on helping students achieve their academic, personal and career goals!

## How does it work?

Live workshops are scheduled throughout the 2009/2010 academic year. Invite students, faculty, and staff to view the live session as a group and openly dialogue about the information. All workshops are scheduled on Thursdays from 2-2:45 Eastern Time. For those who can't attend, all workshops are recorded and available on-demand all year.

## What are the benefits of StudentLingo?

**Saves Time:** We find the experts, schedule the workshops and maintain dynamic student services.

**Cost-Effective:** Serve all students with one click!

**Benefits all Students:** Workshops cover a wide variety of topics related to student success.

**Faculty Benefit Too:** Faculty can use the workshops and on-demand resources in class or as a supplemental tool.

**Accessible:** Students, faculty and staff can access resources 24/7 from their dorm room, classroom, home or office.

**Engaging:** In addition to live workshops, students can login daily to access updated resources.

## How much does it cost?

2009/2010 Subscription includes:

- 15 workshops delivered by experts in the field
- Recordings of workshops available all year
- Access to dynamic online resources

Cost: \$5,000/Academic Year

Sign up by June 30th and receive access to college readiness package (estimated value \$2,000) 6 on-demand workshops for students and their parents, Summer 2010.
